

# Tax Forms Use Case

## About Us

SingularityAI, the next generation IDP company, provides an Artificial Intelligence platform to help enterprises transform their raw data into actionable insight.

Enterprise leaders use SingularityAI to efficiently convert high-volume unstructured content into machine-readable data, enabling real-time decision-making and powering improvements in customer experience and operational agility.

Serving a global customer network of top-tier organizations in banking, insurance, healthcare, energy, and other data-intensive industries, SingularityAI is headquartered in Princeton, NJ's Einstein's Alley.

## Challenge

## IRS Form 990 Semi-structured Data

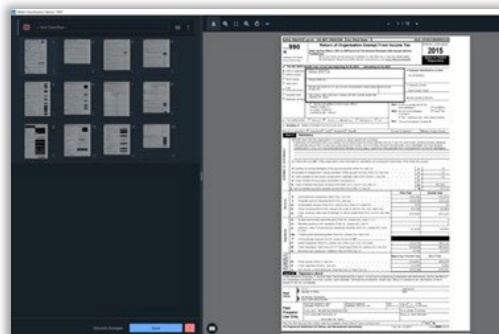

Hundreds of thousands of 990 forms processed annually, each containing 1000+ fields over numerous pages.

Near 100% accuracy required due to importance of the information.

Client receiving sub-par results (under 90% accuracy) from other IDP providers.

## Solution

SingularityAI platform integration with UiPath Action Center and Document Understanding

## Results

- 99.9% capture rate
- 99% Accuracy
- Nearly 100% straight-through processing
- 80% reduction in FTEs
- \$20M potential cost savings across all processed IRS forms
